THE OPPORTUNITY

Attekus, three commercial observations from ProfitPulse

01

New Capital, New Scrutiny

ALIGNED TO THE RECOMMENDED SERVICE

Five V Capital and QIC Ventures backed Attekus with its first ever external raise in October 2024, funding entry into the United Kingdom council market plus ANZ education and government agencies. A Capital Allocation Review ranks each expansion path by expected return before further capital is committed.

02

A Board That Expects More

Peter Suchting joined as Chief Executive Officer in 2023, and two institutional shareholders now sit alongside the founders. Reporting built for founder only oversight rarely satisfies venture capital standards. An Annual Plan and Board Pack lifts that reporting rhythm to the standard Five V Capital and QIC Ventures now expect.

03

Three Markets, One Plan

Attekus already serves close to 20 percent of councils across Australia and New Zealand. The new capital targets three further markets at once: the United Kingdom, education, and government agencies. A Strategic Growth Diagnostic sequences that expansion into a costed 12 month plan.

Seven years of disciplined, capital light growth is a rare foundation. ProfitPulse would welcome the chance to help Attekus put its first outside capital to its best possible use.
